Attendance at school and participation in school activities pose some risks including the transmission of COVID-19. Although the school has taken various measures to reduce the risks of transmission, the possibility of infection from COVID-19 or other communicable diseases is nonetheless present. Parents expressly assume such risks by allowing their children to attend school and to participate in school activities and/or by coming onto the school campus and attending school activities themselves.

In the event of a natural disaster, disease outbreak, or any other circumstances which in the judgment of the school administration make it unfeasible, unsafe, or otherwise imprudent to continue campus-based education, school educational programs shall resume as soon as practical by way of distance learning and/or other methods adopted by the school administration and faculty. Due to the school's continuing financial obligations related to its operations, there will be no suspension, reduction, or refund of tuition in these circumstances.

To Teach as Jesus Did
A Pastoral Message on Catholic Education
National Conference of Catholic Bishops

"More than any other program of education sponsored by the Church, the Catholic School has the opportunity and obligation to be unique, contemporary, and oriented to Christian service; unique because it is distinguished by its commitment to the three-fold purpose of Christian education and by its total design and operation which foster the integration of religion with the rest of learning and living; contemporary because it enables students to address, with Christian insight, the multiple problems which face individuals and society today; oriented to Christian service because it helps students acquire skills, virtues, and habits of heart and mind required for effective service to others. All those involved in a Catholic School - parents, pastors, teachers, administrators, and students - must earnestly desire to make it a community of faith which is indeed "living, conscious, and active."

School EBLASTS

The school sends out EBLASTS to all families with upcoming events and issues.

Parental Cooperation

- The school views the education of a student as a partnership between the parents and the school. Parents and students are expected to comply with the school policies, while accepting and supporting the authority of school officials. Just as a parent can withdraw a child from the school if desired, the school has the right to withdraw a student at its discretion that the parent or student partnership with the school is irretrievably broken.
- Parents and guardians are asked to follow these guidelines for expressing concern over a school matter:
- Contact the teacher/supervisor – First, the parent/guardian should initially contact the teacher/supervisor. For a variety of reasons, parents should never attempt to discuss concerns with staff members while they are on duty during the regular school day. As a school policy we do not disturb teachers while they are teaching or supervising students. The best way to contact a staff member is through his/her email address, via a note in the student's agenda, a phone message or note to the school office. Information and requests for appointments will be placed in the appropriate mailbox. However, telephone conferences are often satisfactory when discussing a school-related matter. Parents are advised to request an appointment with the teacher(s) to discuss private concerns in person.
- Administrative Involvement - If the problem persists or becomes more serious, the parent/guardian should inform the lead teacher and only then, if necessary, the administrative office to request an appointment. Only signed notes from parents or callers who identify themselves and the need for administrative intervention will be taken seriously. Due to school responsibilities, a member of the administration may not be available immediately. Therefore,

concerns should first be presented to the department chair/lead teacher. Patience in setting appointments or in expecting a return phone call is requested.

- Staff members of Our Lady of the Holy Rosary-St. Richard attempt to provide prompt attention to problems, privacy in discussing matters, professional courtesy and respect, and a sincere effort to resolve problems in a Christian manner. That is, we try to approach problems and misunderstandings in a manner that expresses genuine concern for the welfare of your child spiritually, psychologically, academically, and physically, as well as his or her fellow-students.
- With this in mind, parents and guardians are expected to show the same concern and respect for the staff of Our Lady of the Holy Rosary-St. Richard, as well as other children and families of our community. The following behaviors, therefore, are unacceptable within our community:
 - Assaults or harassment of staff members, students, or parents.
 - Verbal intimidation or abuse of any member of the community in person or in writing.
 - Commission of any of the above acts on the part of a staff member will lead to appropriate disciplinary actions. Likewise, misconduct on the part of a parent, guardian or family member may lead to a warning or one of the following actions:
 - Limiting or refusing permission to enter or use school grounds or facilities; Requesting that someone other than the person exhibiting poor behavior represent the child's interest on school matters.
 - Refusing to allow the child to re-register and, in extreme cases, initiating procedures to ask the family to withdraw the child from the school.

Parent/ Family Involvement:

- Parental involvement with Holy Rosary- St. Richard School is a vital part of the community development within the framework of the present educational system. The total involvement of the family within the school is a must in today's education. It is also the foundation of building a strong spiritual life by attending church on a weekly basis with your children.
- Our Homeroom Volunteers are requested to help the classroom teacher organize field trips, class parties, and help when requested to do so. It is up to the teacher to set the limits on these activities. All parents are encouraged to participate.
- Each family is required to participate in school-wide events for a minimum of twenty five angel hours.

Holy Rosary- St. Richard School has a tradition of active and successful sports programs. These extracurricular activities are a very important aspect of a total educational program. We are Christian athletes first, and winners second.

It is understood that all students that try out will not necessarily make the team. Parents do not attend try-outs. The administration/athletic director will not discuss tryout results with parents. Rosters will be posted after the GPA check.

The ADOM requires all volunteer Coaches to attend ADOM Classes. Any discussion with coaches should be limited to private conversations where their full attention may be expected. Parents and players should not argue with or criticize coaching decisions in public during games or practices. - Travel to away games will be provided by school buses.

HRSR Attendance Policy

Daily attendance at school is fundamental to success in education. The following attendance regulations have been developed to promote good habits.

Florida Law (Section 1003.21, Florida Statutes) states that all children who are either six years of age, who will be six years old by February 1 of any school year, or who are older than six years of age but who have not attained the age of 16 years, must attend school regularly during the entire school term.

Holy Rosary – St. Richard School will enforce school attendance by adherence to the following policy:

Students will be counted as present and attending if they are present and engaged in school-provided educational activities for no less than 4 hours of the school day. Anything short of this will be considered an absence.

Absences are defined as excused in the case of:

1. Student illness
2. Medical appointments
3. A confirmed court appearance
4. Events or activities that are approved and sponsored by the school
5. Other individual absences beyond the control of the parent or student as determined and approved by school administration.

After an absence, parents are expected to:

- Provide the school with a written explanation within three (3) school days, if we have not heard from the parents after this time, it will be considered an unexcused absence.
- Submit make-up assignments within the time frame specified by the individual teacher
- Submit a doctor's note after three (3) consecutive absences
- Make arrangements with teachers to make-up or turn in assignments

A student who accumulates **excessive absences** will be met with the following actions:

- Parents contacted
- Student's case is discussed and reviewed by administration
- Written warning placed in student's perm file
- Scholarships become jeopardized
- 15 or more absences:
- Summer school required, or student will be retained in current grade level
- Scholarship is terminated

Students are expected to be on time for all classes. Students should be inside the classroom and at their seats by 7:55 am each morning. Students arriving late to school should report to the front office to receive a tardy pass. A student who accumulates excessive tardies will be met with the following actions:

- 5 tardies:

- Parents contacted
- Student's case is discussed and reviewed by administration
- 10 tardies:
- Parents contacted
- Written notice of excessive tardies placed in the student's permanent file.
- Scholarship becomes jeopardized
- 20 or more tardies:
- Summer school required, or student will be retained in current grade level
- Scholarship is terminated

* In the case of any tardies and/or absences, the student is responsible for completion of all missed assignments.

** Makeup work is NOT required to be given to students with unexcused absences.

Electronic Devices

Students are only allowed to use school issued devices while on campus.

Using school issued devices within education can help augment the curriculum while allowing students to better learn and comprehend the material. The policies, procedures, and information apply to all devices and are available on the Student/Parent Agreement that will be given to each child the first week of school. Students will not be issued devices until the agreement is brought and signed. Any protective case provided by the school cannot be changed. Chronic misuse of the devices may result in loss of these privileges.

No earbuds/ headphones, airpods, Apple watches, Android watches, or any other devices will be allowed on campus.

Cell Phone Use

- Students are not permitted to have or use cell phones on campus.
- Cell phones carried by parents to church/classrooms must be turned off or put on vibrate before entering the church/classrooms unless instructed otherwise by a teacher for educational purposes. Do not text or call your children during school hours on their cell phones or iPads.
- Students may use an office phone, if necessary, for emergency purposes.
- Teachers may not be contacted during instruction time. Any emergency must be handled through the administration.
- If the phone is heard or seen it will be confiscated and must be picked up by the parent. (First offense held for one week, second offense or more two weeks)

School Discipline

Student Conduct

Students are expected to behave consistent with the mission, philosophy and spirit of the school and the moral teachings of the Catholic faith. Because the school cannot anticipate all conducts that violate this policy, it reserves the right to take any form of disciplinary action, including expulsion, against any behavior that violates this policy, even if not specifically stated in this handbook.

Discipline

Discipline is maintained in a classroom or school when students work cooperatively with the principal, the teachers, and their classmates towards the attainment of the class and school objectives. However, it should be noted that the legitimate interest of the school extends beyond the school day and school hours. Students should live their Christian life at all times.

The faculty and staff of Our Lady of the Holy Rosary-St. Richard Catholic School believe that discipline is fundamental to life and that most worthwhile discipline is self-discipline. Discipline in the Catholic school is to be considered as a tool of moral guidance and not a form of punishment. A parent or child chooses one behavior over another and takes upon himself the consequence of the chosen behavior.

Children must accept the controls presented by lawful authority. Children who fail to comply with school regulations will receive consequences according to the judgment of the teachers and administrators.

Expected student behavior guidelines in establishing rules for discipline:

- Respect for themselves and others.
- Respect for the property and the materials used for education.
- Follow school & classroom rules.
- All students are expected to behave consistent with the mission, philosophy of the school, and moral teachings of the Catholic faith. Since the school cannot anticipate all unacceptable behavior, it reserves the right to take any form of disciplinary action, for any behavior, even if it is not stated in the handbook.
- The teachers assume responsibility for maintaining discipline. Only exceptional cases involving serious offenses should be referred to the administrative staff.
- **Violence, aggression, hitting, and CONSISTENT disrespect will NOT be tolerated.**

Disciplinary actions, which may not be used:

- Corporal punishment of any kind.
- Verbal humiliation.
- Sending a student into the hall unsupervised.

- Total group punishment.

Detention, Suspensions, Expulsions, and Evaluations

The discipline of students is to reflect a respect for authority. Some behavior necessitates stronger forms of discipline because of the disruption of school order. Students are issued written conduct infractions for behavior deemed unacceptable. The conduct infraction can be minor, major, or severe and can result in evaluations, detentions, suspensions, and expulsion based on severity of the infraction, the student's participation, and the student's overall record.

*******The Administration has the final recourse in all disciplinary situations and reserves the right to change a specific policy within this handbook at his/her discretion.**

Any item used to threaten or cause bodily harm may be considered a weapon.

- The student classrooms have materials and supplies that meet the educational and developmental needs of the children.
- Toys and other related items from home are not permitted at school unless the teacher requests these items
- A toy that resembles a weapon is never permitted at school or on school grounds. If a student brings an item resembling a weapon, it will be confiscated, and the student may face disciplinary action.

Uniform Regulations

- The responsibility for good grooming rests with the student and the parent. Nevertheless, the school shares that responsibility, since it believes that good grooming represents a difference in character and motivation and should distinguish Our Lady of the Holy Rosary-St. Richard students from the pupils attending other schools. Students are expected to come to school looking clean and neat and dressed in a manner that is in accordance with the school uniform regulations.
- Parents are requested to check the child/children's attire each morning. In the event that a student is not in complete uniform, the parent will be called, and the child will be sent home. Students are required to wear the full school uniform each day from Dennis Uniform unless the principal has designated an alternate uniform day such as spirit day. It is recommended to write the **child's** name on all school clothing. The school will dispose of all lost clothing if it is not claimed in the school lost and found after two (2) weeks.

Arrival and Dismissal Procedures

CAR LINE

For Arrival...

ALL students in GENERAL EDUCATION from PK 2 to first grade AND their siblings will have to be walked by a parent to the gate by the playground closer to Franjo. No parents will enter the building. Students who are sent in through that entrance without a younger sibling will be sent to the office and marked tardy. Students who are sent through the gates and not driven through Carline will also be marked tardy. The first gate on Franjo will be closed and the middle gate will be opened instead for the safety of the parents and the students. The gate on Eureka will also be opened for entry.

ALL ESE students and 2nd through 8th graders must go through the Carline entrance which is by the administrative building.

Arrive as early as possible to keep the line always flowing and to avoid delays on Franjo and Eureka.

Have your child ready with all the necessary items to get out of the car once you arrive at the front to respect the time of those behind you.

Parents should NOT get out of their cars for any reason.

DO NOT drive around a car that is stopped in front of you. This is extremely dangerous for our children, our staff, and the other cars that you are attempting to pass.

Once our arrival is smoother, we will start closing our gates before 8:00 am to give our students time to get to their classrooms.

For Dismissal:

**EVERYONE WILL GO THROUGH THE CARLINE!
IMPORTANT!!**

There are TWO lines for dismissal as you begin to lead up to the gate.

The line on the left, closest to our hall on the left, will go in first. This is the line for preschool through third grade students that get dismissed at 2:30.

The line on the right, closest to the parking lot as you face the building is for the 2:45 dismissal for all 4th through 8th graders.

If you have children in both age groups you should get in the second line since you must wait for the older child to get out at 2:45. If you get in the wrong line, you will hold up traffic while you are waiting for your older child to complete instruction.

Again, DO NOT drive around a car that is stopped in front of you. This is extremely dangerous for our children, our staff, and the other cars that you are attempting to pass.

DO NOT use profanity, tailgate behind another car, or cut other cars off.
Our students will no longer be dismissed from the office after 2:00 pm. If you come to the office, you will have to wait for your child until the carline is closed.
NO EXCEPTIONS!

All these actions delay our lines, and they are not Christ like.

Before School Care

- Students are not supervised before 7:00 AM and therefore cannot be dropped off at school before 7:00 A.M.

Note: Written notification of a child's allergies should be given to the teacher and the school office on the first day of school and updated as necessary.

Homeroom Volunteers

Parents who participate in the catering program for the children will hold the Archdiocese of Miami and HRSR Catholic School harmless.

Health Services

- The school will provide an opportunity for 7th grade students to be screened for scoliosis. If your child receives a notice recommending further examination, the completed form should be returned to the school office.
- A vision and hearing screening will be made available for a fee to all students.
- If any student becomes too ill to remain in class, he/she will be sent to the office. If it is necessary for the student to be sent home, the school office will call parents. If parent/guardian is not available, other emergency contacts as noted on the emergency card will be contacted until the child is picked up.
- In serious emergencies, 911 will be called and immediately followed by contacting the parents.

No-Nit Lice Policy

- Head lice does on occasion present itself in the school environment. Head lice are passed from person to person by direct contact or on shared objects (brushes, combs, hair clips, etc.) Nits are the tiny white eggs that attach themselves to the shaft of the hair. If your child is found to have head lice or the nits, they may not return to school unless ALL LICE and NITS ARE REMOVED. In order for the child to return to school, they must bring a professional certificate stating that they are lice and nit free.

By following this policy Holy Rosary- St. Richard Catholic School:

- Prevents continuing infestations caused by the surviving and hatching of nits.
- Maximizes the opportunity to eliminate repeated chemical treatments aimed at killing head lice that hatch from remaining viable nits.
- Eliminates confusion -- *Were these eggs here before or do they represent a new infestation?*
- Enhances uninterrupted class time for the majority of the children and prevents lost days at work that can be costly for parents.

Peanut Allergy Policy

In order to ensure the safety of students with peanut allergies, please notify homeroom teachers 72 hours in advance when cupcakes, donuts, or cookies to celebrate your child's birthday will be brought to school. This will give the teacher sufficient time to notify parents of students with peanut allergy or any other allergy to provide a snack for their child on that day. Under no circumstance can parents nor teachers distribute party bags and/or candy.

All allergies must be listed in Emergency Contact Cards that are part of the registration forms. If an EpiPen is necessary, it must be provided to the School Office. A meeting with all teachers that have students with allergies will be conducted at the beginning of the school year.

I. Anti-Bullying Policy

The school is committed to promoting a safe, healthy, caring, and respectful learning environment for all of its students. As such, bullying is strictly prohibited and will not be tolerated. Therefore, this policy prohibits any unwelcome verbal or written conduct, or gestures directed at a student by another student that has the effect of:

- (1) physically, emotionally, or mentally harming a student;
- (2) damaging, extorting or taking a student's personal property;
- (3) placing a student in reasonable fear of emotional or mental harm;
- (4) placing a student in reasonable fear of damage to or loss of personal property; or
- (5) creating an intimidating or hostile environment that substantially interferes with a student's educational opportunities or the Catholic mission of the school.

1. Definition

a. Bullying is the willful and repeated harm inflicted upon another individual which may involve but is not limited to: teasing, name-calling, slurs, rumors, jokes, false accusations, intimidation, stalking, innuendos, demeaning comments, pranks, social isolation, gestures, cyber-bullying or other verbal or written conduct. Cyber-bullying includes the following misuses of digital technology: teasing, intimidating, or making false accusations about another student by way of any technological tool, such as sending or posting inappropriate email messages, instant messages, text messages, digital images or website postings (including blogs and social network sites). Bullying reflects a pattern of behavior, not a single isolated incident.

b. This definition includes students who either directly engage in an act of bullying or who, by their behavior, support another student's act of bullying.

2. Scope

a. This policy prohibits bullying that occurs either:

- i. on school premises before, during, or after school hours;
- ii. on any bus or vehicle as part of any school activity; or

iii. during any school function, extracurricular activity or other school-sponsored event or activity.

3. Reporting Complaints

- Each student and parent has a duty to report any bullying to the school immediately. If a student experience (or a parent witness or learns of) any incident of bullying, the incident must be promptly reported to the school principal. The principal will provide the student/parent with the Bullying Complaint Report Form which must be completed, dated and signed by the complaining party so that the school may initiate further inquiry, when appropriate.

4. Disciplinary Action

a. Any student found to have violated this policy may be subject to appropriate disciplinary action, which may include: temporary removal from the classroom, loss of privileges, detention, counseling, parent conference, suspension, administrative withdrawal, and/or notification to appropriate authorities. The disciplinary action may be unique to the individual incident and may vary in method and severity based on the principal's discretion.

False reports or accusations of bullying also constitute a violation of this policy and may subject the offending party to appropriate remedial action which may include, but is not limited to, the assessment of costs incurred by the School in its investigation and review of any reports deemed to have been made in bad faith.

Bullying/Harassment Investigation Disclosures. While the School generally prohibits the nonconsensual disclosure of information contained in educational records, limited exceptions apply including for the disclosure to victims of bullying or harassment when disciplinary sanctions or other measures relate directly to the victim. Parents hereby consent and acknowledge that the School may, pursuant to this exception, disclose to the victims of harassment or bullying, and to their parents, any information related to disciplinary sanctions and/or bullying at issue regardless of whether the matters disclosed are part of an educational record.

II. Child Protective Investigations

Florida law provides that any person who knows or has reasonable cause to suspect that a child is abused by a parent, legal custodian, caregiver or other person responsible for the child's welfare must report such knowledge to the Department of Children and Families (DCF). The school will cooperate with all child protective investigations by DCF or the local law enforcement agency. Reports should be made to Florida's Department of Children and Families by calling the Abuse Hotline at: 1-800-96-ABUSE (1-800-962-2873).

Child protective investigations by DCF or local law enforcement agencies sometimes include interviews of students at school and may occur without advance notice. When it is reasonably possible, the school will seek to notify the parents that their child has been asked to participate in a child protective investigation. The school may also request the presence of a school staff member during investigative interviews on school property. However, please note that, under Florida law, DCF and local law enforcement have the discretion to conduct unannounced interviews and to disallow school staff member's presence during these interviews.

III. Community Service Activities

Community service activities are not school activities, and Our Lady of the Holy Rosary St. Richard Catholic School does not mandate or direct any specific location or locations in the community where these services are to be performed. Students are free to select the location where they wish to perform community service so long as the location and the activity meet the requirements of the school. Our Lady of the Holy Rosary St. Richard Catholic School does not operate or control the locations where students choose to perform community service and consequently the school, its agents, and affiliates do not assume responsibility for any injuries, damages, or losses incurred in the course of performing these services in the community. Students perform these services at their own risk.

IV. Conduct

Students and Parents are expected to behave consistent with the mission, philosophy and spirit of the school and the moral teachings of the Catholic faith as determined by the Archbishop of the Archdiocese of Miami. Because the school cannot anticipate all conduct that violates this policy, it reserves the right

to take any form of (1) student disciplinary action, including administrative withdrawal, and/or (2) restrictions against any behavior that violates this policy, even if not specifically stated in this handbook.

V. Communicable Diseases and Related Items

Attendance at school and participation in school activities poses some risks including the transmission of communicable diseases. Although the school has taken various measures to reduce the risks of transmission, the possibility of infection from communicable diseases is nonetheless present. Parents expressly assume such risks by allowing their children to attend school and participate in school activities and/or by coming onto the school campus and attending school activities themselves.

In the event of a natural disaster, disease outbreak, or any other circumstances which in the judgment of the school administration make it unfeasible, unsafe or otherwise imprudent to continue campus-based education, school educational programs shall resume as soon as practical by way of distance learning and/or other methods adopted by the school administration and faculty. Due to the school's continuing financial obligations related to its operations, there will be no suspension, reduction, or refund of tuition in these circumstances.

VI. Confidentiality Statement

School officials including teachers, administrators and other paraprofessionals in the performance of their duties will have access to student educational records. Parents/Guardians by executing the acknowledgment of receipt of this Handbook, HEREBY AGREE AND CONSENT to the disclosure of such records including the nature and existence of a disability, a medical/educational diagnosis, or any associated minor adjustments or accommodations made to such school officials with a legitimate educational interest in the information.

VII. Drug and Alcohol Policy

The use or possession of illegal drugs or illegal mood-altering substances, alcoholic beverages, drug-related paraphernalia, or the abuse of prescription or over-the-counter drugs by any student on school property or while attending or participating in any school-sponsored activity or at any time the student is wearing a school uniform is forbidden. Transgression of this rule will result in disciplinary action, which may include administrative withdrawal from the school, even for a first offense.

Any student selling drugs on school property or at school functions may result in a disciplinary response, up to and including administrative withdrawal.

The school is committed to a drug-free environment. This commitment may, under some circumstances, prompt a need for testing of students for evidence of substance abuse. It may also involve the use of drug dogs and other methods in the discretion of the school administration which seek to deter the use and/or distribution of illegal drugs or alcohol.

If a student exhibits the symptoms, or is suspected of substance abuse, the school may require that the student undergo substance abuse testing at the parents' expense. If the results of the test suggest abuse (and the substance was not used on or brought to campus or a school-related activity), the school will normally use this information to help the student seek assistance. Refusal to participate in such a test may result in administrative withdrawal from the school.

At times, the school may choose to conduct random drug testing of the student body at the parents' expense.

A school may conduct random searches as set forth in this handbook.

VIII. Electronic Acknowledgments

Periodically, the school may require that parents or guardians make electronic acknowledgments confirming the receipt and/or acceptance of various policies, procedures, notices, releases or updates. Any time a parent/guardian makes an electronic acknowledgment by clicking "submit" or "accept" on an electronic document, that individual is agreeing that he/she has read, understood, and agrees to be bound by the contents of the electronic document. Electronic acknowledgments and signatures are valid and binding and may serve as consent to the contents of any electronic communication. Parents and guardians are responsible for reviewing the contents of any electronic document prior to making any electronic acknowledgments. In addition, Parents/Guardians, by executing the acknowledgment of receipt of this Handbook, HEREBY AGREE to receive and be bound by electronic acknowledgments.

IX. Financial Obligations

The satisfaction of all financial obligations to the school, including tuition and fees, constitutes a material condition for continued enrollment in the school. The school may disallow students from taking quarterly, semester, or final examinations if the parents or legal guardians fail to meet any financial obligation to the school. In addition, the school may withhold the issuance of transcripts or any other student records and/or disallow participation in or access to school activities, and/or administratively withdraw the student if any financial obligations are not met.

Parents/Guardians, by executing the acknowledgment of receipt of this Handbook, HEREBY AGREE to be responsible for the full balance of tuition and any related fees regardless of any scholarship that may be available. Should such scholarship awards not cover the entire balance due or otherwise not become available, Parents/Guardians agree that they remain responsible for the full tuition amount and fees. Additionally, with respect to these scholarships, any student with a disability does not have an individual right to receive some or all of the special education and related services that the student would receive if enrolled in a public school under the Individuals with Disabilities Education Act (IDEA), as amended.

X. Fundraising

No student or family member may solicit funds in the school's name unless such solicitation has been authorized in writing by the principal.

XI. Harassment and Discrimination

The school is committed to providing an environment that is free of discrimination and harassment. In keeping with this commitment, the school will not tolerate harassment or discrimination on the basis of a person's protected status, such as gender, color, race, ancestry, national origin, age, physical disability, mental condition, marital status, veteran status, citizenship status. All employees, faculty members and students are protected under this policy. In addition, this policy applies to all conduct occurring on school grounds, at assignments outside the school, or at school-sponsored events. All students are responsible for helping to assure that any harassment or discrimination is reported. If a student witnesses or learns of any conduct that violates this policy, the student must immediately report the incident to his/her principal. If, however, the principal is the individual who is believed to have engaged in the inappropriate conduct, the student should notify the Superintendent of Schools of the

Archdiocese of Miami. If an investigation reveals that inappropriate conduct has occurred, the school will take corrective action based on the circumstances.

XII. Immunizations

The Archdiocese of Miami requires that, prior to attendance in school, each student present or have on file with the school a certificate of immunization for the prevention of those communicable diseases for which immunization is required by the Department of Health. A Florida Certificate of Immunization (Form DH 680) completed by a health care provider participating in Florida Shots is required to document the administration of prescribed immunization doses or to document a permanent or temporary exemption therefrom. An exemption from immunization requirements is permissible only with a physician's certification as to the need for either a temporary or permanent medical exemption. An exemption from immunization requirements is not permissible for religious, philosophical, personal, or other reasons.

XIII. Introduction to Handbook

We are honored to welcome you as a valued member of Our Lady of the Holy Rosary St. Richard Catholic School. To answer some of your questions concerning the school's policies, the school has prepared this Parent-Student Handbook. Please read it thoroughly and retain it for future reference. The policies stated in this handbook are only guidelines and are subject to change at the sole discretion of the school, as are all other policies, procedures, or programs of the school. From time to time, you may receive updated information concerning changes in policy. However, the school has the right to add, delete or revise any school policy or procedure with or without notice. This handbook is not a contract, express or implied, and none of the policies or provisions should be construed as such. If you have any questions about the school's policies, please ask the principal for assistance.

XIV. Medication Guidelines

Except as authorized by the school, students are not permitted to carry or distribute any prescription or non-prescription drugs or treatments, including aspirin, on the school grounds or at any school function. The administering of medicine to a student outside the doctor's office or a health institution is a parental responsibility and should only be delegated to school personnel when necessary and authorized by the school. Parents should ask their physicians if it is possible to prescribe medication so

it can be administered at home. Only when necessary, will the school allow the administration of medication on campus, and only under the following guidelines:

1. An authorization form must be completed and submitted by a parent or legal guardian of the student. The name of the medication and dosage should be indicated on the form.
2. Medications to be dispensed at school should be labeled with the child's name and the exact dosage. The name and telephone number of the physician should also be on the label.
3. While the school may monitor a student taking the medication, the school will not remind students to come and take their medication.

Exceptions to this policy may be made for the use, supply and administration of an epinephrine auto-injection (Epipen), or as otherwise authorized in writing by the school. In particular circumstances, the school may agree to administer medication or otherwise provide health care interventions that go beyond a minor adjustment for a particular student. In those cases, Parents hereby release the school, the Archdiocese, and their corporate members, officers, employees, affiliates, and agents from any claims or liabilities that allegedly arise from or are related to the provision of those health care interventions that are beyond minor adjustments.

XV. Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.
1. Parents or eligible students should complete the Request for Release of Student Records and submit it to the School principal (or appropriate school official) identifying the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional

information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person or company with whom the School has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

XVI. Open Admission Policy

The school has an open admission policy. No person, on the grounds of race, color, disability or national origin, is excluded or otherwise subjected to discrimination in the receiving of services. Nor does the school discriminate in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral and other aspects of employment on the basis of race, color, disability, age, gender, or national origin.

XVII. Parental Cooperation

The school views the education of a student as a partnership between the parents and the school. Parents and students are expected to comply with the school rules and policies, and to accept and support the authority of school officials, whether it be at school events, on or off school campus, or on social media or other public forum. Just as a parent can withdraw a child from the school if desired, the school has the right to administratively withdraw a student if it determines at its discretion that the parent or student partnership with the school is irretrievably broken.

XVIII. Participation in School Athletics or Organizations

The school recognizes the following sports, activities and clubs:

1. School Clubs:
2. Major School Activities:
3. Dances:
4. Athletics:

Parents acknowledge that participation in these sports, activities, or clubs may be inherently dangerous and, the school cannot ensure the safety of all students involved in its activities and programs.

Prior to participation in any sport, each student must complete the Parent Consent and Release of Liability form and a physician's certificate to the effect that the student is physically fit for participation in the sport. Participation includes pre-season conditioning, open gym, tryouts and practice. Parents, by executing this acknowledgement of receipt of this Handbook, hereby release the school, the Archdiocese of Miami, and their corporate members, officers, employees, and agents, from any claims or liabilities that allegedly arise from or are related to participation in any sports, leagues, clubs, activities, or volunteer service-hour programs.

The school is not responsible for student participation in any sports, leagues, activities, or clubs not identified above. Parents hereby acknowledge that students who participate in any such program or activity do so at their own risk. Parents further acknowledge that the school does not control or sanction any such program or activity and that it shall not be held liable for any injuries or damages sustained by students or others arising from participation in such program or activities.

For purposes of this handbook, a club is defined as a group of individuals dedicated to a particular interest or activity and a league is defined as a group of teams or individuals participating in an athletic activity.

XIX. Private Tutoring, Coaching or Lessons

Except as specifically noted in this Handbook, the school does not sponsor, oversee, or otherwise provide private tutoring, coaching, therapy or other similar private lessons or services. Parents who engage school staff members for the provision of these services do so at their own risk and expense and are hereby advised that such services are outside the scope of the staff member's employment with the school. Parents, by executing the acknowledgment of receipt of this Handbook HEREBY RELEASE the school, the Archdiocese, and their corporate members, officers, employees, affiliates, and agents from any claims or liabilities that allegedly arise from or are related to the provision of private tutoring, coaching, therapy or other similar private lessons or services, regardless of where they may occur.

XX. Public Display of Affection

The Catholic school promotes friendship, charity, kindness, love and respect for self and others. However, student inappropriate displays of affection, such as kissing or embracing which connote more than simple friendship, are not permitted in school, at school dances, or at any school event. Those who violate these rules may be subject to disciplinary measures, including detention, suspension or administrative withdrawal. The administration reserves the right to determine what is, or is not, appropriate behavior in a Catholic school.

XXI. Safety in Private Spaces

Our Lady of the Holy Rosary St. Richard Catholic School complies with the requirements of 553.865, Florida Statutes, The Safety in Private Spaces Act. Except where facilities are specifically designated as unisex, the school's bathroom and locker room/changing facilities are designated exclusively for use by biological females or biological males. Any student who willfully enters a school restroom or locker room/ changing facility designated for the opposite sex and refuses to depart when asked to do so by any school personnel will be subject to disciplinary consequences as established by the school principal unless a specific statutory exception applies. This handbook provision shall be considered a part of the school's code of student conduct.

XXII. School-Sponsored Events

The school does not sponsor, oversee, or in any way control parties or social functions at private residences. School-sanctioned events, including all field trips, excursions, or parties, are specifically identified in this Handbook or are identified in the school calendar and/or written notices generated and distributed by the school.

Parents, by executing the acknowledgment of receipt of this Handbook, hereby release the school, the Archdiocese of Miami, and their corporate members, officers, employees, affiliates, and agents, from any claims or liabilities that allegedly arise from or are related to attendance at parties or social functions at private residences or from participation/attendance at events not identified in the school calendar or in written notices from the school, including field trips, excursions, or parties.

Students engaged in conduct that is contrary to the mission and philosophy of the school may be subject to disciplinary action regardless of whether the conduct occurred at a school-sponsored function.

XXIII. Search and Seizure Policy

The principal and his/her designee has access to any lockers, handbags, electronic devices, cell phones, book bags, desks, cars or any other object that is brought onto the campus of the school or any school-sponsored event, and may remove or confiscate any object which is illegal or contrary to school policy.

XXIV. Section 504 – Policy Statement

Our Lady of the Holy Rosary Catholic School complies with the mandate of Section 504 of the Rehabilitation Act which prohibits discrimination on the basis of disability in certain programs and activities. Pursuant to the requirements of the Rehabilitation Act, Our Lady of the Holy Rosary Catholic School will make those minor adjustments that can accommodate students with disabilities to the school's educational programs and activities.

The school's designated 504 Coordinator and contact information are as follows: Gabriel Cambert, 305-762-1269. Parents with questions regarding the school's disability accommodations or related items should contact the 504 Coordinator. Parents may file a grievance as to any decisions related to a disability accommodation and request an internal hearing and review by sending a written notice addressed as follows:

Gabriel Cambert, Director of Continuous Improvement

Office of Catholic Schools

Archdiocese of Miami

9401 Biscayne Blvd

Miami Shores, FL 33138

The internal hearing and review will seek the prompt and equitable resolution of disability discrimination complaints.

XXV. Sexting

The electronic transmission or receipt from one minor to another of any photograph or video that depicts nudity may constitute illegal sexting. Students engaged in sexting will be subject to serious disciplinary consequences which may include administrative withdrawal from school. In addition, the school administration may report instances of sexting to the Florida Department of Children and

Families or local law enforcement for appropriate investigation as to violations of law. The electronic transmission of sexually explicit language by a student may also constitute grounds for disciplinary action.

XXVI. Smoking/Vaping

It is a violation of Florida law for any minor to knowingly possess any tobacco product, nicotine product, or nicotine dispensing device. In addition, the use of tobacco products, electronic cigarettes, and vaping carry known health risks that can be very serious. The use of any tobacco products, electronic cigarettes, and/or vaping in any form is prohibited on school property and at any school events. Violation of this policy will result in disciplinary consequences which may include administrative withdrawal from school.

XXVII. Technology Use

The school may provide its administrators, faculty and students with access to technological devices (e.g. computers, tablets, etc.) various information technology resources including email and Internet access in order to enhance the teaching and learning environment of the school and to improve the school's operations. Students must use these resources in a responsible, ethical, and legal manner in accordance with the mission of the school and Catholic teachings. Therefore, students must abide by the following general rules of conduct:

1. Respect and protect the privacy of others:
 - a. Use only assigned accounts and passwords;
 - b. Do not share assigned accounts or passwords with others;
 - c. Do not view, use or copy passwords, data or networks to which you are not authorized;
 - d. Do not share or distribute private information about yourself or others.
2. Respect and protect the integrity, availability, and security of all electronic resources:
 - a. Observe all network security practices;
 - b. Report security risks or violations to the school principal;
 - c. Do not vandalize, destroy or damage data, networks, hardware, computer systems or other resources;

3. Respect and protect the intellectual property of others:
- a. Do not infringe on copyright laws including downloading or copying music, games or movies;

 - g. Do not send spam, chain letters or other mass unsolicited mailings;
 - h. Do not buy, sell, advertise, or otherwise conduct business or political campaigning without prior written approval from the school's principal.
 - i. Do not engage in any form of cyberbullying.

Supervision and Monitoring

The school and its authorized personnel may monitor the use of information technology resources to help ensure that users are secure and in conformity with this policy. The school reserves the right to examine, use, and disclose any data found on the school's information networks or on any technological devices used by students on campus in order to further any administrative concern. It may also use this information in disciplinary actions and may furnish evidence of a crime to law enforcement.

Unacceptable Use of Outside Technology

The school expects students to use information technology and social media (including, but not limited to, the Internet, email, instant messaging and text messaging) in a responsible and ethical fashion in

compliance with all applicable laws and with Christian moral principles, both in and out of the school setting. Accordingly, students may not post, place, upload, share, or communicate any images, photographs, statements or inferences relating to or including profanity, vulgarity, indecency, illegal use of drugs, illegal use of alcohol or other illegal or illicit activities. Additionally, students may not use information technology for the purpose of defaming, threatening, teasing or harassing any other student, staff member, parent, faculty member, or other person. This includes, but is not limited to, texting and communications on social networks. In addition, this rule applies to communications both during the school year and while students are on vacation or summer breaks. Students are responsible for all materials and communications made on personal websites and on social media, and the materials and communications should be consistent with Christian moral principles, including any materials or communications posted on their sites by other individuals. Moreover, any unauthorized use of the school's name (or common names associated with the school) or any likeness or image of the school or its employees or agents is strictly prohibited.

Consent

Many technological devices used at school have the capacity to generate audio recordings, video recordings, photographs, and other similar reproductions of images, likenesses, and/or sounds. The use of any such recordings and reproductions is governed by school policy. Parental/guardian execution of this Handbook constitutes an express consent and waiver as to any such recordings and reproductions incidental to the use of any technological devices on school property or at school events.

Consequences for Violations

A violation of these rules may result in disciplinary action, including the loss of a student's privilege to use the school's information technology resources and any additional consequences at the principal's discretion including administrative withdrawal.

XXVIII. Testifying in Divorce or Custody Proceedings

The Catholic Church recognizes marriage as a Sacrament. In the Union of Christian spouses, the sacrament of Matrimony celebrates the relationship of Christ to the Church. Therefore, the school strongly supports the sacrament of matrimony as the foundation of family life and of the domestic Church. In recognition of the importance of the matrimonial sacrament to the Catholic faith, parents agree not to compel the attendance, testimony, or deposition of any school or church employee in any

divorce, custody, or other legal proceedings which may in any way involve the dissolution of marriage or the determination of parental/custody rights.

In the event that a parent or legal guardian breaches this policy, any school or church personnel who are required to attend legal proceedings may be represented by an attorney. In addition, any and all legal fees and costs incurred by the school will be charged and become the responsibility of the parent or legal guardian.

XXIX. Text Messaging/Telephone Calls

The school may use text messages and automated telephone calls to alert parents/guardians of important information related to the school's mission, operations, and activities. Parents/guardians acknowledge and consent to the receipt of these messages when providing their telephone numbers.

XXX. Threats of Violence

The disciplinary consequences for a student whose verbal or written comments, including email messages, that threaten serious bodily harm to another student or member of the faculty or staff or destruction of property, may include, but not be limited to:

- a. Immediate suspension from the school;
 - b. Reporting to law enforcement;
 - c. Treatment or consultation by a psychologist or psychiatrist at the parents' expense and/or by the school counselor, both of whom may be asked to submit a written evaluation. If it is determined that the child was serious about the threat and has the capacity to carry it out, the child may be administratively withdrawn from the school. If it is determined that the child did not seriously intend to do harm to others, the child may be allowed to return to the school, at the discretion of the school principal.
1. If allowed to return to school, the child may be placed on probation with an indication that, should a similar threat occur, the child will be administratively withdrawn from school;
 2. The school should inform the Office of Catholic Schools of these cases. The school may submit an informational report to the police.

XXXI. Transportation Arrangements

Parents hereby acknowledge and agree that the school does not provide or arrange for student transportation to or from school, except as specifically set forth in writing by the school. Student transportation to and from school each day is a parental responsibility. The school does not authorize or endorse any private transportation arrangements. In limited and documented circumstances, a parent may engage a commercial transportation company to transport a student from school; however, any such engagement requires the written authorization of the school and the execution of school documents allowing for such an arrangement. Except upon the written consent of the school, parents should not utilize internet-based transportation services (such as Uber or Lyft) to transport students to/from school and school-sponsored activities.

XXXII. Undocumented Students

A student's enrollment and/or graduation from school does not confer a legal status nor does it serve to regularize an undocumented student. Although the Archdiocese of Miami may assist with the completion of an I-20 form, the school does not guarantee or confer any privileges or rights available to documented legal residents. Parents should consult with immigration legal counsel if they have any questions as to immigration status.

XXXIII. Use of Photos

The school reserves the right to use student or parent photos in any school or Archdiocesan publication including but not limited to print publications, videos, or websites including Facebook, Instagram and other social media websites. Any parent who does not want his or her child's picture or video to be used accordingly must notify the school's principal in writing prior to the beginning of the school year. By executing this acknowledgement of receipt of this Handbook, Parents HEREBY CONSENT, authorize and grant permission to the school, the Archdiocese of Miami, and their agents, employees or duly authorized representatives to photograph or videotape students and parents and CONSENT to their publication for any purpose deemed proper by the school, including but not limited to, use on the internet.

Additionally, Parents, by executing this acknowledgement of receipt of this Handbook, HEREBY RELEASE the school, the Archdiocese of Miami, and their corporate members, officers, employees, and agents,

from any claims or liabilities that allegedly arise from or are related to the use of student or parent photos.

XXXIV. Weapons Policy

Weapons are not permitted anywhere on school grounds or at any school activity. Any student who brings a weapon to any school activity, who is in possession of a weapon, or who threatens others with a weapon may be administratively withdrawn from the school. Any item used to threaten or cause bodily harm may be considered a weapon. In particular, the possession of any instruments or objects that can be used to inflict serious harm on another person or that can place a person in reasonable fear of serious harm will be considered weapons. Included in this category are BB guns, Airsoft guns, and toy or replica guns represented as real guns. Also included in this category is the possession or storage of items which are prohibited at school, including but not limited to ammunition clips, bullets or cartridges, flammable liquids, combustible materials, poisonous substances, mace, pepper spray, and any other items which may result in injury.

I. Anti-Bullying Policy

The school is committed to promoting a safe, healthy, caring, and respectful learning environment for all of its students. As such, bullying is strictly prohibited and will not be tolerated. Therefore, this policy prohibits any unwelcome verbal or written conduct or gestures directed at a student by another student that has the effect of:

- (1) physically, emotionally, or mentally harming a student;
- (2) damaging, extorting or taking a student's personal property;
- (3) placing a student in reasonable fear of emotional or mental harm;
- (4) placing a student in reasonable fear of damage to or loss of personal property; or
- (5) creating an intimidating or hostile environment that substantially interferes with a student's educational opportunities or the Catholic mission of the school.

1. Definition

- a. **Bullying** is the willful and repeated harm inflicted upon another individual which may involve but is not limited to: teasing, name-calling, slurs, rumors, jokes, false accusations, intimidation, stalking, innuendos, demeaning comments, pranks, social isolation, gestures, cyber-bullying or other verbal or written conduct. Cyber-bullying includes the following misuses of digital technology: teasing, intimidating, or making false accusations about another student by way of any technological tool, such as sending or posting inappropriate email messages, instant messages, text messages, digital images or website postings (including blogs and social network sites). Bullying reflects a pattern of behavior, not a single isolated incident.
- b. This definition includes students who either directly engage in an act of bullying or who, by their behavior, support another student's act of bullying.

ATTORNEY-CLIENT PRIVILEGED

2. Scope

- a. This policy prohibits bullying that occurs either:
 - i. on school premises before, during, or after school hours;
 - ii. on any bus or vehicle as part of any school activity; or
 - iii. during any school function, extracurricular activity or other school-sponsored event or activity.

3. Reporting Complaints

- a. Each student and parent has a duty to report any bullying to the school immediately. If a student experiences (or a parent witnesses or learns of) any incident of bullying, the incident must be promptly reported to the school principal. The principal will provide the student/parent with the Bullying Complaint Report Form which must be completed, dated and signed by the complaining party so that the school may initiate further inquiry, when appropriate.

4. Disciplinary Action

- a. Any student found to have violated this policy may be subject to appropriate disciplinary action, which may include: temporary removal from the classroom, loss of privileges, detention, counseling, parent conference, suspension, administrative withdrawal, and/or notification to appropriate authorities. The disciplinary action may be unique to the individual incident and may vary in method and severity based on the principal's discretion.

False reports or accusations of bullying also constitute a violation of this policy and may subject the offending party to appropriate remedial action which may include, but is not limited to, the assessment of costs incurred by the School in its investigation and review of any reports deemed to have been made in bad faith.

Bullying/Harassment Investigation Disclosures. While the School generally prohibits the nonconsensual disclosure of information contained in educational records, limited exceptions apply including for the disclosure to victims of bullying or harassment when disciplinary sanctions or other measures relate directly to the victim. Parents hereby consent and acknowledge that the School may, pursuant to this exception, disclose to the victims of harassment or bullying, and to their parents, any information related to disciplinary sanctions and/or bullying at issue regardless of whether the matters disclosed are part of an educational record.

II. Artificial Intelligence

Artificial Intelligence refers to systems that simulate human decision-making processes without direct human intervention. These systems include chatbots, machine learning algorithms, and automated tools. Generative Artificial Intelligence refers to technology that creates content including text, images, video, and computer code by identifying patterns in large quantities and training data, and then creating original material that has similar characteristics. These AI tools

ATTORNEY-CLIENT PRIVILEGED

have great potential but also have potential risks and ethical implications. Holy Rosary St. Richard School recognizes the growing impact of AI on education and this policy aims to guide our students in the responsible and ethical use of AI within our community.

Before using AI, students should engage in three steps: (1) Consultation. Students should always consult with their teacher prior to using any AI tool to determine if the task, assignment, or assessment can be completed with AI assistance. (2) Documentation. If granted permission to use a Generative AI tool, students must document their interaction with it by cutting and pasting the conversation into a separate document that can be shared with their teacher. (3) Citation. Where its use is permissible, students must cite the use of the Gen AI tool.

AI tools may not replace a student's work and students should be mindful to engage in ethical practices when using AI, carefully consider the validity of any AI generated content, and ensure their work product reflects their original thought and understanding. The presentation of AI generated content without a teacher's approval will be considered academic dishonesty and will result in disciplinary consequences.

III. Child Protective Investigations

Florida law provides that any person who knows or has reasonable cause to suspect that a child is abused by a parent, legal custodian, caregiver or other person responsible for the child's welfare must report such knowledge to the Department of Children and Families (DCF). The school will cooperate with all child protective investigations by DCF or the local law enforcement agency. Reports should be made to Florida's Department of Children and Families by calling the Abuse Hotline at: 1-800-96-ABUSE (1-800-962-2873).

In addition to contacting DCF, abuse may be reported to the Safe Environment Office of the Archdiocese by calling 305-215-6635 or emailing abusereporting@theadom.org.

Child protective investigations by DCF or local law enforcement agencies sometimes include interviews of students at school and may occur without advance notice. When it is reasonably possible, the school will seek to notify the parents that their child has been asked to participate in a child protective investigation. The school may also request the presence of a school staff member during investigative interviews on school property. However, please note that, under Florida law, DCF and local law enforcement have the discretion to conduct unannounced interviews and to disallow school staff member's presence during these interviews.

IV. Community Service Activities

Community service activities are not school activities and Holy Rosary St. Richard does not mandate or direct any specific location or locations in the community where these services are to be performed. Students are free to select the location where they wish to perform community service so long as the location and the activity meet the requirements of the school. Holy Rosary St. Richard does not operate or control the locations where students choose to perform community service and consequently the school, its agents, and affiliates do not assume responsibility for any

ATTORNEY-CLIENT PRIVILEGED

injuries, damages, or losses incurred in the course of performing these services in the community. Students perform these services at their own risk.

V. Conduct

Students and Parents are expected to behave consistent with the mission, philosophy and spirit of the school and the moral teachings of the Catholic faith as determined by the Archbishop of the Archdiocese of Miami. Because the school cannot anticipate all conduct that violates this policy, it reserves the right to take any form of (1) student disciplinary action, including administrative withdrawal, and/or (2) restrictions against any behavior that violates this policy, even if not specifically stated in this handbook.

VI. Communicable Diseases and Related Items

Attendance at school and participation in school activities poses some risks including the transmission of communicable diseases. Although the school has taken various measures to reduce the risks of transmission, the possibility of infection from communicable diseases is nonetheless present. Parents expressly assume such risks by allowing their children to attend school and participate in school activities and/or by coming onto the school campus and attending school activities themselves.

In the event of a natural disaster, disease outbreak, or any other circumstances which in the judgment of the school administration make it unfeasible, unsafe or otherwise imprudent to continue campus- based education, school educational programs shall resume as soon as practical by way of distance learning and/or other methods adopted by the school administration and faculty. Due to the school's continuing financial obligations related to its operations, there will be no suspension, reduction, or refund of tuition in these circumstances.

VII. Confidentiality Statement

School officials including teachers, administrators and other paraprofessionals in the performance of their duties will have access to student educational records. **Parents/Guardians by executing the acknowledgment of receipt of this Handbook, HEREBY AGREE AND CONSENT** to the disclosure of such records including the nature and existence of a disability, a medical/educational diagnosis, or any associated minor adjustments or accommodations made to such school officials with a legitimate educational interest in the information.

VIII. Drug and Alcohol Policy

The use or possession of illegal drugs or illegal mood-altering substances, alcoholic beverages, drug-related paraphernalia, or the abuse of prescription or over-the-counter drugs by

ATTORNEY-CLIENT PRIVILEGED

any student on school property or while attending or participating in any school-sponsored activity or at any time the student is wearing a school uniform is forbidden. Transgression of this rule will result in disciplinary action, which may include administrative withdrawal from the school, even for a first offense.

Any student selling drugs on school property or at school functions may result in a disciplinary response, up to and including administrative withdrawal.

The school is committed to a drug-free environment. This commitment may, under some circumstances, prompt a need for testing of students for evidence of substance abuse. It may also involve the use of drug dogs and other methods in the discretion of the school administration which seek to deter the use and/or distribution of illegal drugs or alcohol.

If a student exhibits the symptoms, or is suspected of substance abuse, the school may require that the student undergo substance abuse testing at the parents' expense. If the results of the test suggest abuse (and the substance was not used on or brought to campus or a school-related activity), the school will normally use this information to help the student seek assistance. Refusal to participate in such a test may result in administrative withdrawal from the school.

At times, the school may choose to conduct random drug testing of the student body at the parents' expense.

A school may conduct random searches as set forth in this handbook.

IX. Electronic Acknowledgments

Periodically, the school may require that parents or guardians make electronic acknowledgments confirming the receipt and/or acceptance of various policies, procedures, notices, releases or updates. Any time a parent/guardian makes an electronic acknowledgment by clicking "submit" or "accept" on an electronic document, that individual is agreeing that he/she has read, understood, and agrees to be bound by the contents of the electronic document. Electronic acknowledgments and signatures are valid and binding and may serve as consent to the contents of any electronic communication. Parents and guardians are responsible for reviewing the contents of any electronic document prior to making any electronic acknowledgments. In addition, **Parents/Guardians, by executing the acknowledgment of receipt of this Handbook, HEREBY AGREE** to receive and be bound by electronic acknowledgments.

X. Financial Obligations

The satisfaction of all financial obligations to the school, including tuition and fees, constitutes a material condition for continued enrollment in the school. The school may disallow students from taking quarterly, semester, or final examinations if the parents or legal guardians fail to meet any financial obligation to the school. In addition, the school may withhold the issuance of transcripts or any other student records and/or disallow participation in or access to school activities, and/or administratively withdraw the student if any financial obligations are not met.

Parents/Guardians, by executing the acknowledgment of receipt of this Handbook, HEREBY AGREE to be responsible for the full balance of tuition and any related fees regardless of any scholarship that may be available. Should such scholarship awards not cover the entire balance due or otherwise not become available, Parents/Guardians agree that they remain responsible for the full tuition amount and fees. Additionally, with respect to these scholarships, any student with a disability does not have an individual right to receive some or all of the special education and related services that the student would receive if enrolled in a public school under the Individuals with Disabilities Education Act (IDEA), as amended.

XI. Fundraising

No student or family member may solicit funds in the school's name unless such solicitation has been authorized in writing by the principal.

XII. Harassment and Discrimination

The school is committed to providing an environment that is free of discrimination and harassment. In keeping with this commitment, the school will not tolerate harassment or discrimination on the basis of a person's protected status, such as gender, color, race, ancestry, national origin, age, physical disability, mental condition, marital status, veteran status, citizenship status. All employees, faculty members and students are protected under this policy. In addition, this policy applies to all conduct occurring on school grounds, at assignments outside the school, or at school-sponsored events. All students are responsible for helping to assure that any harassment or discrimination is reported. If a student witnesses or learns of any conduct that violates this policy, the student must immediately report the incident to his/her principal. If, however, the principal is the individual who is believed to have engaged in the inappropriate conduct, the student should notify the Superintendent of Schools of the Archdiocese of Miami. If an investigation reveals that inappropriate conduct has occurred, the school will take corrective action based on the circumstances.

XIII. Immunizations

The Archdiocese of Miami requires that, prior to attendance in school, each student present or have on file with the school a certificate of immunization for the prevention of those communicable diseases for which immunization is required by the Department of Health. A Florida Certificate of Immunization (Form DH 680) completed by a health care provider licensed in the state of Florida and participating in Florida Shots is required to document the administration of prescribed immunization doses.

The Archdiocese of Miami does not accept immunization exemption requests based upon religious, philosophical, personal, or other reasons. Medical-related immunization exemption requests are reviewed on a case-by-case basis. Such requests must be made through submission of the Florida Certificate of Immunization (Form DH 680) and signed by a health care provider

ATTORNEY-CLIENT PRIVILEGED

licensed in the state of Florida. Medical exemptions are only approved for legitimate documented medical needs. The Archdiocese reserves the right to not accept any medical exemption request.

Should there be an outbreak of a communicable disease at school, students with medical immunization exemptions may be asked to remain home throughout the incubation period of the disease.

XIV. Introduction to Handbook

We are blessed and honored to welcome you as a valued member Holy Rosary St. Richard School. To answer some of your questions concerning the school's policies, the school has prepared this Parent-Student Handbook. Please read it thoroughly and retain it for future reference. The policies stated in this handbook are only guidelines and are subject to change at the sole discretion of the school, as are all other policies, procedures, or programs of the school. From time to time, you may receive updated information concerning changes in policy. However, the school has the right to add, delete or revise any school policy or procedure with or without notice. This handbook is not a contract, express or implied, and none of the policies or provisions should be construed as such. If you have any questions about the school's policies, please ask the principal for assistance.

XV. Medication Guidelines

Except as authorized by the school, students are not permitted to carry or distribute any prescription or non-prescription drugs or treatments, including aspirin, on the school grounds or at any school function. The administering of medicine to a student outside the doctor's office or a health institution is a parental responsibility and should only be delegated to school personnel when necessary and authorized by the school. Parents should ask their physicians if it is possible to prescribe medication so it can be administered at home. Only when necessary will the school allow the administration of medication on campus, and only under the following guidelines:

1. An authorization form must be completed and submitted by a parent or legal guardian of the student. The name of the medication and dosage should be indicated on the form.
2. Medications to be dispensed at school should be labeled with the child's name and the exact dosage. The name and telephone number of the physician should also be on the label.
3. While the school may monitor a student taking the medication, the school will not remind students to come and take their medication.

Exceptions to this policy may be made for the use, supply and administration of an epinephrine auto-injection (Epipen), or as otherwise authorized in writing by the school. In particular circumstances, the school may agree to administer medication or otherwise provide health care interventions that go beyond a minor adjustment for a particular student. In those cases, Parents hereby release the school, the Archdiocese, and their corporate members, officers,

ATTORNEY-CLIENT PRIVILEGED

employees, affiliates, and agents from any claims or liabilities that allegedly arise from or are related to the provision of those health care interventions that are beyond minor adjustments.

XVI. Name, Image, and Likeness (SECONDARY ONLY)

Holy Rosary St. Richard School, as a member of the Florida High School Athletic Association (FHSAA), adheres to its regulations governing athletic competition. As set forth in the FHSAA Handbook, student-athletes must maintain amateur status in order to participate in an FHSAA-regulated athletic activity, and consequently student-athletes are prohibited from competing for monetary compensation, capitalizing on athletic fame by receiving money or gifts of a monetary nature, and/or signing a professional contract in any sport or having an agent to manage a student-athlete's athletic career. The school expects all student-athletes to strictly adhere to these conditions of athletic participation which prohibit NIL commercial activity by or on behalf of any student-athlete.

No employees or agents of the school, including its coaches and administrators, are authorized to involve themselves with student NIL, or in contract offers or negotiations with any agents or other third parties offering any monetary compensation to students and/or parents/guardians. Parents/guardians are specifically advised that students and parents/guardians should seek independent professional counsel in communications and negotiations with any agents or other third parties offering compensation and/or services to students related in any way to their athletic abilities.

Students are prohibited from making any reference to any school of the Archdiocese of Miami when engaging in any commercial activity. For example, students may not wear a team jersey or otherwise display an Archdiocesan school's name, mascot, or logo while engaged in any activity not specifically authorized by the Archdiocese of Miami. Likewise, a student may not wear the apparel or display the logo, insignia, or identifying mark of any commercial partner during any school-based team activity. The names, mascots, and logos of Archdiocese of Miami schools have legal protections and their unauthorized use by a student or by a parent/guardian will constitute a serious violation of school policy and may have additional legal repercussions.

XVI. Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should complete the Request for Release of Student Records and submit it to the School principal (or appropriate school official) identifying the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

ATTORNEY-CLIENT PRIVILEGED

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person or company with whom the School has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

XVII. Open Admission Policy

The school has an open admission policy. No person, on the grounds of race, color, disability or national origin, is excluded or otherwise subjected to discrimination in the receiving of services. Nor does the school discriminate in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral and other aspects of employment on the basis of race, color, disability, age, gender, or national origin.

XVIII. Parental Cooperation

The school views the education of a student as a partnership between the parents and the school. Parents and students are expected to comply with the school rules and policies, and to accept and support the authority of school officials, whether it be at school events, on or off school campus, or on social media or other public forum. Just as a parent can withdraw a child from the school if desired, the school has the right to administratively withdraw a student if it determines at its discretion that the parent or student partnership with the school is irretrievably broken.

XIX. Participation in School Athletics or Organizations

The school recognizes the following sports, activities and clubs:

Prior to participation in any sport, each student must complete the Parent Consent and Release of Liability form and a physician's certificate to the effect that the student is physically fit for participation in the sport. Participation includes pre-season conditioning, open gym, tryouts and practice. **Parents, by executing this acknowledgement of receipt of this Handbook, HEREBY RELEASE the school, the Archdiocese of Miami, and their corporate members, officers, employees, and agents, from any claims or liabilities that allegedly arise from or are related to participation in any sports, leagues, clubs, activities, or volunteer service-hour programs.**

The school is not responsible for student participation in any sports, leagues, activities, or clubs not identified above. Parents hereby acknowledge that students who participate in any such program or activity do so at their own risk. Parents further acknowledge that the school does not control or sanction any such program or activity and that it shall not be held liable for any injuries or damages sustained by students or others arising from participation in such program or activities.

For purposes of this handbook, a club is defined as a group of individuals dedicated to a particular interest or activity and a league is defined as a group of teams or individuals participating in an athletic activity.

XX. Private Tutoring, Coaching or Lessons

Except as specifically noted in this Handbook, the school does not sponsor, oversee, or otherwise provide private tutoring, coaching, therapy or other similar private lessons or services. Parents who engage school staff members for the provision of these services do so at their own risk and expense and are hereby advised that such services are outside the scope of the staff member's employment with the school. **Parents, by executing the acknowledgment of receipt of this Handbook HEREBY RELEASE the school, the Archdiocese, and their corporate members, officers, employees, affiliates, and agents from any claims or liabilities that allegedly arise from or are related to the provision of private tutoring, coaching, therapy or other similar private lessons or services, regardless of where they may occur.**

XXI. Public Display of Affection

The Catholic school promotes friendship, charity, kindness, love and respect for self and others. However, student inappropriate displays of affection, such as kissing or embracing which connote more than simple friendship, are not permitted in school, at school dances, or at any school event. Those who violate these rules may be subject to disciplinary measures, including detention, suspension or administrative withdrawal. The administration reserves the right to determine what is, or is not, appropriate behavior in a Catholic school.

XXII. Safety in Private Spaces

Holy Rosary St. Richard School complies with the requirements of §553.865, Florida Statutes, The Safety in Private Spaces Act. Except where facilities are specifically designated as unisex, the school's bathroom and locker room/changing facilities are designated exclusively for use by biological females or biological males. Any student who willfully enters a school restroom or locker room/ changing facility designated for the opposite sex and refuses to depart when asked to do so by any school personnel will be subject to disciplinary consequences as established by the school principal unless a specific statutory exception applies. This handbook provision shall be considered a part of the school's code of student conduct.

XXIII. School-Sponsored Events

The school does not sponsor, oversee, or in any way control parties or social functions at private residences. School-sanctioned events, including all field trips, excursions, or parties, are specifically identified in this Handbook or are identified in the school calendar and/or written notices generated and distributed by the school.

Parents, by executing the acknowledgment of receipt of this Handbook, HEREBY RELEASE the school, the Archdiocese of Miami, and their corporate members, officers, employees, affiliates, and agents, from any claims or liabilities that allegedly arise from or are related to attendance at parties or social functions at private residences or from

participation/attendance at events not identified in the school calendar or in written notices from the school, including field trips, excursions, or parties.

Students engaged in conduct that is contrary to the mission and philosophy of the school may be subject to disciplinary action regardless of whether the conduct occurred at a school-sponsored function.

XXIV. Search and Seizure Policy

The principal and his/her designee has access to any lockers, handbags, electronic devices, cell phones, book bags, desks, cars or any other object that is brought onto the campus of the school or any school-sponsored event, and may remove or confiscate any object which is illegal or contrary to school policy.

XXV. Section 504 – Policy Statement

(Name) School complies with the mandate of Section 504 of the Rehabilitation Act which prohibits discrimination on the basis of disability in certain programs and activities. Pursuant to the requirements of the Rehabilitation Act, (Name) School will make those minor adjustments that can accommodate students with disabilities to the school's educational programs and activities.

The school's designated 504 Coordinator and contact information are as follows: Gabriel Cambert, 305-762-1269. Parents with questions regarding the school's disability accommodations or related items should contact the 504 Coordinator. Parents may file a grievance as to any decisions related to a disability accommodation and request an internal hearing and review by sending a written notice addressed as follows:

Gabriel Cambert, Associate Superintendent
Office of Catholic Schools
Archdiocese of Miami
9401 Biscayne Blvd
Miami Shores, FL 33138

The internal hearing and review will seek the prompt and equitable resolution of disability discrimination complaints.

XXVI. Sexting

The electronic transmission or receipt from one minor to another of any photograph or video that depicts nudity may constitute illegal sexting. Students engaged in sexting will be subject to serious disciplinary consequences which may include administrative withdrawal from school. In addition, the school administration may report instances of sexting to the Florida Department of Children and Families or local law enforcement for appropriate investigation as to violations of law. The electronic transmission of sexually explicit language by a student may also constitute grounds for disciplinary action.

XXVII. Smoking/Vaping

It is a violation of Florida law for any minor to knowingly possess any tobacco product, nicotine product, or nicotine dispensing device. In addition, the use of tobacco products, electronic cigarettes, and vaping carry known health risks that can be very serious. The use of any tobacco products, electronic cigarettes, and/or vaping in any form is prohibited on school property and at any school events. Violation of this policy will result in disciplinary consequences which may include administrative withdrawal from school.

XXVIII. Technology Use

The school may provide its administrators, faculty and students with access to technological devices (e.g. computers, tablets, etc.) various information technology resources including email and Internet access in order to enhance the teaching and learning environment of the school and to improve the school's operations. Students must use these resources in a responsible, ethical, and legal manner in accordance with the mission of the school and Catholic teachings. The school and its authorized personnel may monitor the use of information technology resources to help ensure that users are secure and in conformity with this policy. The school reserves the right to examine, use, and disclose any data found on the school's information networks or on any technological devices used by students on campus in order to further any administrative concern. It may also use this information in disciplinary actions and may furnish evidence of a crime to law enforcement.

Unacceptable Use of Outside Technology

The school expects students to use information technology and social media (including, but not limited to, the Internet, email, instant messaging and text messaging) in a responsible and ethical fashion in compliance with all applicable laws and with Christian moral principles, both in and out of the school setting. Accordingly, students may not post, place, upload, share, or communicate any images, photographs, statements or inferences relating to or including profanity, vulgarity, indecency, illegal use of drugs, illegal use of alcohol or other illegal or illicit activities. Additionally, students may not use information technology for the purpose of defaming,

ATTORNEY-CLIENT PRIVILEGED

threatening, teasing or harassing any other student, staff member, parent, faculty member, or other person. This includes, but is not limited to, texting and communications on social networks. In addition, this rule applies to communications both during the school year and while students are on vacation or summer breaks. Students are responsible for all materials and communications made on personal websites and on social media, and the materials and communications should be consistent with Christian moral principles, including any materials or communications posted on their sites by other individuals. Moreover, any unauthorized use of the school's name (or common names associated with the school) or any likeness or image of the school or its employees or agents is strictly prohibited.

Consent

Many technological devices used at school have the capacity to generate audio recordings, video recordings, photographs, and other similar reproductions of images, likenesses, and/or sounds. The use of any such recordings and reproductions is governed by school policy. Parental/guardian execution of this Handbook constitutes an express consent and waiver as to any such recordings and reproductions incidental to the use of any technological devices on school property or at school events.

Consequences for Violations

A violation of these rules may result in disciplinary action, including the loss of a student's privilege to use the school's information technology resources and any additional consequences at the principal's discretion including administrative withdrawal.

XXIX. Testifying in Divorce or Custody Proceedings

The Catholic Church recognizes marriage as a Sacrament. In the Union of Christian spouses, the sacrament of Matrimony celebrates the relationship of Christ to the Church. Therefore, the school strongly supports the sacrament of matrimony as the foundation of family life and of the domestic Church. In recognition of the importance of the matrimonial sacrament to the Catholic faith, parents agree not to compel the attendance, testimony, or deposition of any school or church employee in any divorce, custody, or other legal proceedings which may in any way involve the dissolution of marriage or the determination of parental/custody rights.

In the event that a parent or legal guardian breaches this policy, any school or church personnel who are required to attend legal proceedings may be represented by an attorney. In addition, any and all legal fees and costs incurred by the school will be charged and become the responsibility of the parent or legal guardian.

XXX. Text Messaging/Telephone Calls

The school may use text messages and automated telephone calls to alert parents/guardians of important information related to the school's mission, operations, and activities.

ATTORNEY-CLIENT PRIVILEGED

Parents/guardians acknowledge and consent to the receipt of these messages when providing their telephone numbers.

XXXI. Threats of Violence

The disciplinary consequences for a student whose verbal or written comments, including email messages, that threaten serious bodily harm to another student or member of the faculty or staff or destruction of property, may include, but not be limited to:

1. Immediate suspension from the school;
2. Reporting to law enforcement;
3. Treatment or consultation by a psychologist or psychiatrist at the parents' expense and/or by the school counselor, both of whom may be asked to submit a written evaluation. If it is determined that the child was serious about the threat and has the capacity to carry it out, the child may be administratively withdrawn from the school. If it is determined that the child did not seriously intend to do harm to others, the child may be allowed to return to the school, at the discretion of the school principal.
4. If allowed to return to school, the child may be placed on probation with an indication that, should a similar threat occur, the child will be administratively withdrawn from school;
5. The school should inform the Office of Catholic Schools of these cases. The school may submit an informational report to the police.

XXXII. Transportation Arrangements

Parents hereby acknowledge and agree that the school does not provide or arrange for student transportation to or from school, except as specifically set forth in writing by the school. Student transportation to and from school each day is a parental responsibility. The school does not authorize or endorse any private transportation arrangements. In limited and documented circumstances, a parent may engage a commercial transportation company to transport a student from school; however, any such engagement requires the written authorization of the school and the execution of school documents allowing for such an arrangement. Except upon the written consent of the school, parents should not utilize internet-based transportation services (such as Uber or Lyft) to transport students to/from school and school-sponsored activities.

XXXIII. Undocumented Students

A student's enrollment and/or graduation from school does not confer a legal status nor does it serve to regularize an undocumented student. Although the Archdiocese of Miami may assist with the completion of an I-20 form, the school does not guarantee or confer any privileges or rights available to documented legal residents. Parents should consult with immigration legal counsel if they have any questions as to immigration status.

XXXIV. Use of Photos

The school reserves the right to use student or parent photos in any school or Archdiocesan publication including but not limited to print publications, videos, or websites including Facebook, Instagram and other social media websites. Any parent who does not want his or her child's picture or video to be used accordingly must notify the school's principal in writing prior to the beginning of the school year. **By executing this acknowledgement of receipt of this Handbook, Parents HEREBY CONSENT, authorize and grant permission to the school, the Archdiocese of Miami, and their agents, employees or duly authorized representatives to photograph or videotape students and parents and CONSENT to their publication for any purpose deemed proper by the school, including but not limited to, use on the internet.**

Additionally, Parents, by executing this acknowledgement of receipt of this Handbook, HEREBY RELEASE the school, the Archdiocese of Miami, and their corporate members, officers, employees, and agents, from any claims or liabilities that allegedly arise from or are related to the use of student or parent photos.

XXXV. Weapons

Weapons are not permitted anywhere on school grounds or at any school activity. Any student who brings a weapon to any school activity, who is in possession of a weapon, or who threatens others with a weapon may be administratively withdrawn from the school. Any item used to threaten or cause bodily harm may be considered a weapon. In particular, the possession of any instruments or objects that can be used to inflict serious harm on another person or that can place a person in reasonable fear of serious harm will be considered weapons. Included in this category are BB guns, Airsoft guns, and toy or replica guns represented as real guns. Also included in this category is the possession or storage of items which are prohibited at school, including but not limited to ammunition clips, bullets or cartridges, flammable liquids, combustible materials, poisonous substances, mace, pepper spray, and any other items which may result in injury.
